WORK EXPERIENCE

REACT JS DEVELOPER (Oct 2022-Present)

Arclif Inc,cyberpark,kozhikode,kerala,india.

- Proficiently developed and maintained the company's admin dashboard

- Led development and improvement of diverse digital assets, including the company web applications, social media platform and ecommerce. Collaborated cross-functionally to design, implement, and maintain.

SELF LEARNING (Nov 2021 - Aug 2022)

I have been studying independently while working full-time and dedicating myself to my career. This journey has afforded me valuable insights into creating web applications and designing websites. Leveraging resources like Google, YouTube, and various websites, I contributed three company projects, five other React projects (study purpose), one MERN project (study purpose), and twohtml,css responsive projects, all while staying up-to-date with the latest developments in the field.

SKILLS

- React JS ★★★★★
- Next JS ★★★★★
- Javascript ★★★★★
- Redux ★★★★★
- HTML ★★★★★
- CSS ★★★★★
- Bootstrap ★★★★★
- Git ★★★★★
- Github ★★★★★
- Node JS ★★★★★
- Express JS ★★★★★
- MongoDB ★★★★★
- Adobe XD ★★★★★
- Photoshop CS6 ★★★★★
- Illustrator CS6 ★★★★★
- CorelDRAW X5 ★★★★★
- InDesign CS6 ★★★★★

- **DIPLOMA**
  Graphics and Web Expert
  (G-Tec Computer Education,Kannur-2021)

- **DEGREE**
  Bachelor of Computer Application(BCA)
  Naher Arts and Science College, kanhirode(Kannur University)-2018

- **SECONDARY SCHOOL**
  Computer Commerce
  Nalanda College,Eachur,Kannur-2013

LANGUAGE

- English
- malayalam

PROJECTS

01 - eCommerce
- Collaborated on an eCommerce platform for construction materials.
- Designed user-friendly and interface Improved mobile responsiveness
  live : https://shop.arclif.com

02 - Admin Dashbord
- Played a pivotal role in the development and continuous maintenance of our company's admin dashboard.
- Responsibilities included the design, implementation, and ongoing enhancement of this critical tool.

03 - Online-architecture services
- Contributed to the development of a web application for an architecture company.
- I designed and implemented the 'User-project' section of the application.
- Enabled online submission of building requirements, connecting users with architects.
- Streamlined the request and bid process, enhancing user experience.
  live : https://agriha.com/

04 - Netflix clone
- Created a Netflix clone using Create React App.
- Utilized the TMDB database to source movie and TV show data for the application.
- Designed a responsive user interface.
  live-demo : https://muhammedhashir1.github.io/netflix-clone/
  github : https://github.com/muhammedhashir1/netflix-clone

05 - Portfolio
- Developed a modern and responsive personal portfolio using Create React App.
- Incorporated a wide range of React features and libraries to enhance functionality.
- Presented personal details, services, and contact information in an organized manner.
  live-demo : https://muhammedhashir1.github.io/portfolio-react/
  github : https://github.com/muhammedhashir1/portfolio-react

06 - BMI Calculator
- It is used to calculate BMI values and corresponding weight status while considering age as a factor.
  live-demo : https://muhammedhashir1.github.io/bmi-calculator/
  github : https://github.com/muhammedhashir1/bmi-calculator

07 - Cart (REDUX)
- Implemented the addition of products and displayed item counts in the Cart Icons using React and Redux.
  live-demo : https://muhammedhashir1.github.io/Cart-Redux-Toolkit/
  github : https://github.com/muhammedhashir1/Cart-Redux-Toolkit

08 - Shopping Cart.
- This is an E-Commerce website built using Node.js, Express.js, Handlebars, and MongoDB.
  github : https://github.com/muhammedhashir1/shopping-cart-cox

09 - OLX Clone
  github : https://github.com/muhammedhashir1/olx

10 - Gents shop (static website)
